- Java
- JSON
- Javascript / Typescript

About Me

Determined and ready-to-learn attitude. Always open to new challenges and learning new methods to solve problems. Direct and upfront with issues or problems. Ready to tackle anything thrown my way... even if it requires caffeine and visit to W3Schools or two.

Experience

TalTech - Tallinn University of Technology
2024-2025

Teaching assistant - Helped students in programming and robotics to understand agile work methods and working as a team to find solutions to complex tasks.

Education

Tallinn University of Technology
Bachelor of Hardware Development and Programming
Grade: 4.0
Thesis: Further Development of Miniature Telemetry Device
2021 - 2025

Learned from the course of my study:
- Agile work methods
- Programming in C +3 years
- Electronics
- Cyber Security Basics
- Cisco Networking
- Windows Operating Systems Administration
- Robotics
- Project management (Github/Gitlab and MatterMost)
- Digital Systems
- Schematic design
- Embedded systems
- Database management (SQLite)

Experience in

Program Development (VS .NET)

Robotics Development (Arduino, ESP32)

Administrative and Network management (Cisco and Windows)
